FIRST FAMILY

ON A RUN WITH THE

CLEVELAND UNICORNS

SEE HOW THEY RUN

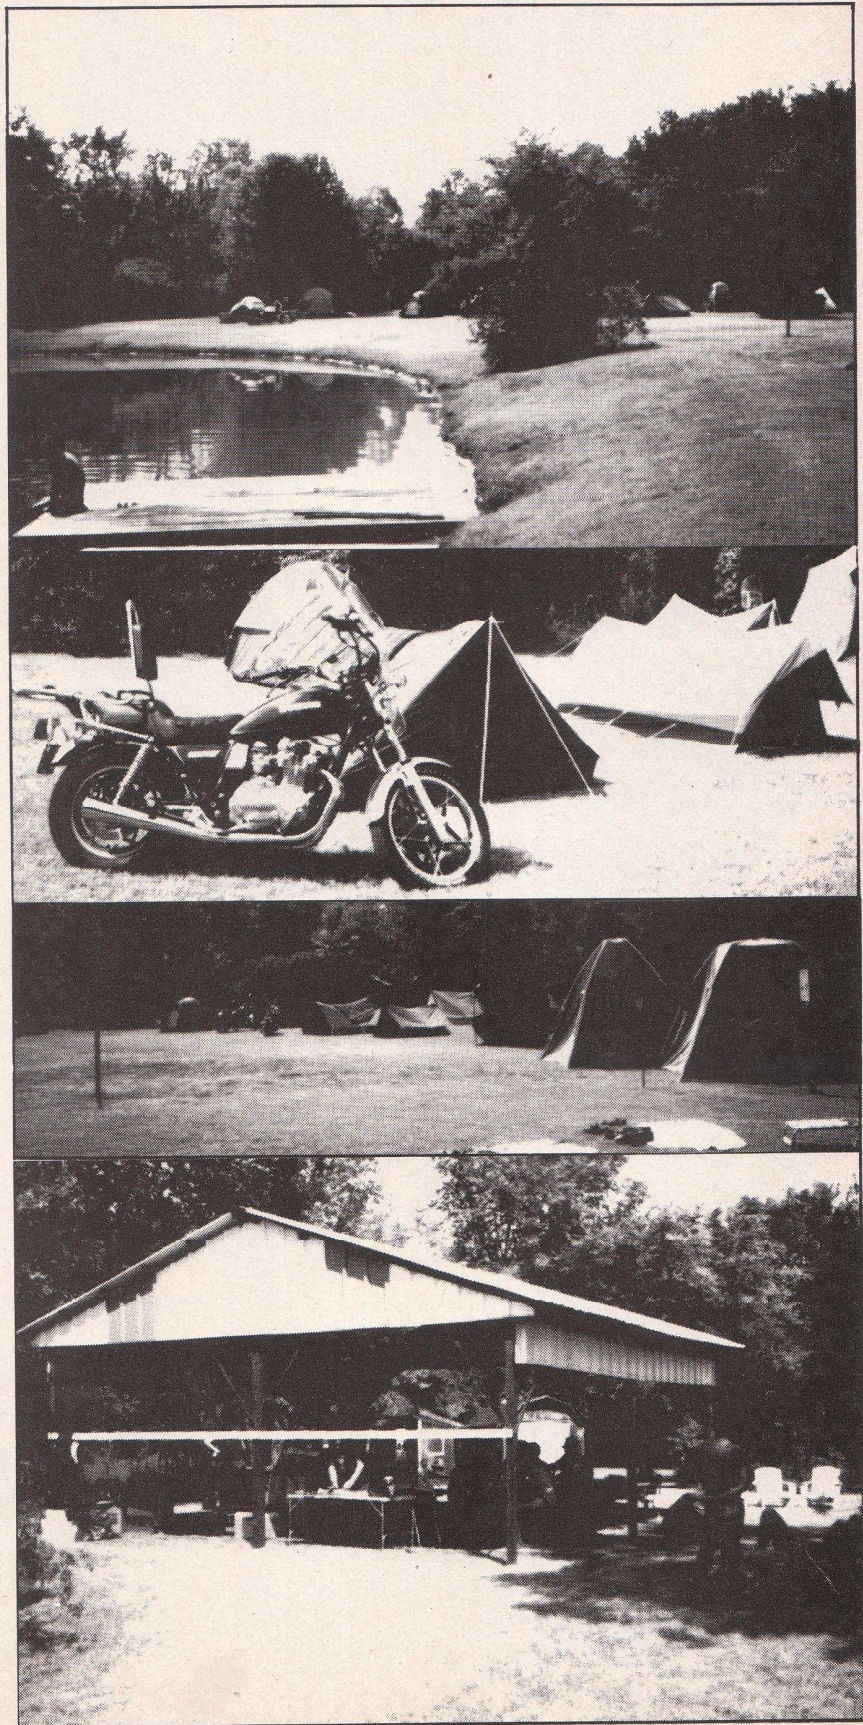

The Unicorn Motorcycle Club was established in Cleveland in 1971 to become the Buckeye State's first leather/Levi motorcycle club. They immediately made their headquarters the Leather Stallion Saloon in beautiful downtown Cleveland, where they have been made to feel consistently and warmly welcome.

The club celebrates it's anniversary every August with the "Rites of the Full Moon" run, an outdoor run located approximately fifty miles southeast of Cleveland on a private estate. It is a wild and wooly weekend filled with fun and games, lots of beer and good food, featuring Saturday night's Great Unicorn Steak Roast. (This year, the Leather Stallion Saloon provided complimentary pre-dinner cocktails.)

Everybody took advantage of the small lake for swimming and many toured Nelson Ledges State Park, just a short ride away. The crystal-clear evenings were devoted mostly to private pursuits, with some pursuers and some pursuees, just to keep things interesting.

This year's run pin was a tribute to many of the run attendees: there is a Star of David honoring one of the club's long-time supporters; a motorcycle police helmet is included for those with a uniform fetish; several members ride Harleys so the bike sports a Harley-Davidson softail fender; two club members are celebrating their ninth anniversary and there are nine stars honoring them.

If your plans include Cleveland in August of 1989 you could do much worse than to join this happy little band for a weekend of fun and frolic. For more information, write to The Unicorn M.C., 2205 St. Clair Avenue, Cleveland, OH 44114. ▽

EMPIRE CITY'S XXV

Empire City Motorcycle Club (New York City metropolitan area) is celebrating it's **25th Anniversary**. The year long series of events includes the following:

December 10, 1988 - **The 25th Annual Christmas Benefit Party • The Spike**

Once again **Empire City Motorcycle Club** is collecting toys, clothes, etc. for young children with AIDS that are confined to area hospitals. As always we are providing a full dinner and drinks at a nominal fee.

May 26, 1989 - **Bike Christening/Riding Season Blessing • The Spike**

Over a dozen new motorcycles are normally driven into the Spike Bar and parked around the pool table for the christening, while over 40 bikes are parked in front of the bar for the blessing of the bikes for a safe riding season.

May 27-29, 1989 - **Bikers Picnic and Camp-out • An Undisclosed Location**

Upwards of 60 bikes (please no cars allowed) and close to 100 bikers and buddy riders are treated to steak and chicken barbeques, dinners and breakfasts by the men of the **Empire City Motorcycle Club** during the Memorial Day Weekend. A biker's weekend of good riding, sights, food, drink and brotherhood.

Mid-August 1989 - **Empire State Motorcycling Tour • Throughout New York State**

One week of motorcycling through the mountains, lakes and varied sights of New York State, the Empire State. More details, including cost, to be provided in the near future.

October 6 to 9, 1989 - **Empire City's XXV Anniversary Run • To Be Announced**

Few clubs or organizations within our community have had the good fortune to be able to celebrate **25 years** of continuous brotherhood. Over the Columbus Day Weekend, Empire City will host a three day run in the mountains of New York State amid the fall colors and we invite all our friends and supporters to come join us. Housing will be in cabins and the weekend is open to both bikers and non-bikers (i.e. cars).

PUT THE WORLD ON
HOLD FOR A WEEK

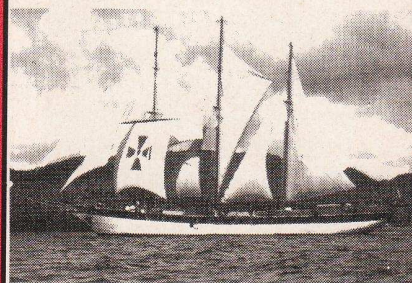

VIRGIN ISLANDS CRUISE

May 26th to June 3rd, 1989
to be with

ROY DEAN AND HIS MODELS

on a Nine Day Windjammer
Barefoot Cruise through the
breathtaking British Virgin Islands
aboard the 208 foot, 80
passenger Barquentine
"FLYING CLOUD"

TO VISIT PLACES AS:

- **Roadtown, Tortola** - with it's high mountain peaks, white sand beaches and groves of mangoes and bananas. English rum is dirt cheap here.
- **Marina Cay** - a tiny island with first-rate snorkeling and a charming restaurant.
- **Norman Island** - the original for Robert Louis Stevenson's "Treasure Island." Strange pirate caves to explore.
- **Jost Van Dyke** - great beaches and explore for buried treasure or visit famous "Foxy's" for fun and dancing to a steel band.
- **Virgin Gorda** - caves and grottos full of natural lagoons, perfect white beaches for a great picnic.
